
Temperature Sensing NTC Thermistors TA-4 Series

Description

Type

TA-4 Series

Features :

- Low cost, high stability
- Excellent thermal cycle endurance
- No adjust between the control circuit and the sensor
- RoHS Compliance
- UL1434 Certification

The TA-4 thermistor is a high-precision thermal sensing device. TA-4 thermistor is similar to HAT thermistor and but is different with flexible lead-wires.
